

Alejandra Martinez

Alejandra Martínez is a dedicated Family Nurse Practitioner (FNP-C) at Jaime Silva MD, providing exceptional care for the past three years. With a Master's in Nursing from the University of Texas at Arlington and certifications in Basic Life Support (BLS), Advanced Cardiovascular Life Support (ACLS), and Aesthetic Nursing, Alejandra is committed to excellence in patient care.

A native of Brownsville, where she currently resides, Alejandra's deep understanding of local cultural and environmental factors enriches her approach to healthcare, ensuring it is both compassionate and culturally sensitive. Her professional goals include further skill development and advancement in clinical practice and leadership.

Alejandra's core values of compassion and integrity guide her work as she is motivated by a profound desire to assist others during challenging times. She specializes in cardiology, with expertise gained from bedside nursing and Cathlab experience.

Outside of work, Alejandra enjoys yoga, weightlifting, and aesthetics, spending time with family, and contributing to her community through her faith and spa activities. Her commitment to holistic well-being is reflected in her personal and professional pursuits.

Inspirational Quote: "Whenever the art of medicine is loved, there is also a love for humanity."
